FIND USA DISTANCE CALCULATOR ON MAPS OF WORLD

New Delhi, 7 February 2008: Maps of World brings to its users a tool called the USA Distance Calculator, which as the name suggests, helps one find out the air distance between any two cities of the US.

The Distance Calculator, on receiving inputs from the user regarding the start and destination points of ones journey, immediately provides the air distance between these two points at one click of the mouse.

The updated USA Distance Calculator available at Maps of World is accurate, easy to use and user-friendly.
