Kakadu National Park Attractions

Fauna
One of the highlights of the Kakadu National Park is definitely its fauna; here you can see animals like crocodiles, wallabies, dingos, goannas and countless species of birds. Some of the birds at the park are, endangered species such as the Red Goshawk, Hooded Parrot, Partridge Pigeon and Rainbow Pitta. Some of the best places to view the birds and animals are Anbangbang Billabong, Bardedjilidji Walk, Illigadjarr Walk, Yurmikmik Walks.

Rock Art
Look the amazing rock art created by ancestors, especially the Rainbow Serpent who is believed to have painted her image on the rock surface as she passed over the Ubirr Rock. Nourlangie Rock at the Anbangbang Gallery is another attraction of the park.

Waterfalls
Waterfalls can be seen in the Jim Jim and Twin Falls region, and the Mary River region. Some of the waterfalls worth seeing are Gunlom Falls and Maguk, which flows even in the dry season.

Camping and Safari tours
Camping tours and safari tours to the park are extremely popular with the tourists. There are many campgrounds in the park. Accommodation options are also ample; there are many inns and hotels that are located near the park.

Adventure activities
The park is also a site for numerous activities that include rock climbing, trekking, and other adventure sports. One of the favorite activities in the park is bushwalking and you can also opt for fishing in places like Sandy Billabong, and Jim Jim Billabong and waters west of the Kakadu Highway. Boating is another popular activity in the park; however, it can be dangerous because of the presence of the crocodiles in the waters. The park offers Guluyambi and Yellow water cruises.

There are certain things without which you should never visit the park like life jackets, water, a torch and a tool kit.
