

Italy Travel Guide

Grand Canal and Basilica Santa Maria della Salute in Venice, Italy

If you want to tour a romantic destination and travel through the pages of history, then Italy is the perfect destination for you. Italy is famous for its olive oil, pasta, wine, Roman relics, and Renaissance palaces. Here is the complete guide to travel best places to visit in Italy.

The topography of Italy is marked by the two mountain chains, the Alps and the Apennines. The majestic Alps form an arch in the north and stretch from east to west. At its foothills, you have the Po Valley. The Apennines forms the backdrop of the Italian peninsula. In Italy the major islands are Sicilia/Sicily and Sardegna/Sardinia. In the archipelago you will also find **Tremiti** Islands, Aeolian and Egadi Islands, the Tuscan Archipelago, and the Pontine Islands. The enchanting country has something reserved for everyone. You can stay for a long duration at the tourist centers, as you have something new for you everyday.

And even if you want to go on off beaten track Italy has options for that as well. One of the places which you can visit on vacations in Italy is Lombardia, the capital of Milan - a business hub as well as a fashion capital. Bergamo is quite near to this place, about an hour's drive. Further, you may undertake a romantic trip to Venice and Verona. You will be impressed by the picturesque landscape of Verona, and if you want to feast on delectable Italian cuisines, then go to north-west of Italy. For the connoisseur, Piemonte is an ideal choice for the finest of wines. Here you can taste Barolo and Barbaresco, which are the choicest wines made from the Nebbiolo grape. Apart from these, there are museums, modern art, music and book fairs, which give you the feel of the culture of Italy.

A visit to Italy would be incomplete without a visit to the [Leaning Tower of Pisa](#), a testimony to medieval engineering. The tower, more popularly known as the bell tower, stands 60 feet tall, and is famous for leaning at an approximate angle of 10 degree. This eight story tower, is one of the four buildings that make up the cathedral complex of Pisa. Now that tourists are allowed to climb up the tower, it attracts a high number of visitors every year.
